

KURO

Information for invitation to tender

Product:

PEHD Underground – covered

- Material: PE 100
- with composite insulation, foamed
- can be equipped with heating band
- Special dimension for pneumatic tube

Text for Invitation to tender:

Pos: PEHD Underground Bend (pneumatic tube system) **NW 90**
 with protective corrugated cover, foamed
 Forwarding bend PEHD 110 x 12.0 mm, R = 1000 mm, 15°
 100 mm straight end at both ends, royal blue
 * manufactured according to DIN 6660
 * connection only with electrofusion coupler
 * consider INSTRUCTION SHEET PEHD-UNDERGROUND TUBE SYSTEM
 Outer tube PEHD corrugated tube 175 x 20 mm, black
 space between is filled with PU-foam
 * consider PEHD assembly instruction for Lamoltan foaming System KURO or equal (www.kuro-kunststoffe.com)
 deliver and assemble.

Quantity: pc Price/Unit: Price total:

Pos: PEHD Underground bend (pneumatic tube system) **NW 90**
 with protective corrugated cover, foamed
 Forwarding bend PEHD 110 x 12.0 mm, R = 1000 mm, 30°
 100 mm straight end at both ends, royal blue
 * manufactured according to DIN 6660
 * connection only with electrofusion coupler
 * consider INSTRUCTION SHEET PEHD-UNDERGROUND TUBE SYSTEM
 Outer tube PEHD corrugated pipe 175 x 20 mm, black
 space between is filled with PU-foam
 * consider PEHD assembly instruction for Lamoltan foaming System KURO or equal (www.kuro-kunststoffe.com)
 deliver and assemble.

Quantity: pc Price/Unit: Price total:

Pos: PEHD Underground bend (pneumatic tube system) **NW 90**
 with protective corrugated cover, foamed
 Forwarding bend PEHD 110 x 12.0 mm, R = 1000 mm, 45°
 100 mm straight end at both ends, royal blue
 * manufactured according to DIN 6660
 * connection only with electrofusion coupler
 * consider PEHD INSTRUCTION SHEET PEHD-UNDERGROUND TUBE SYSTEM
 Outer tube PEHD corrugated pipe 175 x 20 mm, black
 space between is filled with PU-foam
 * consider PEHD assembly instruction for Lamoltan foaming System KURO or equal (www.kuro-kunststoffe.com)
 deliver and assemble.
